What happens if I have symptoms?

T-RES

Autism Transition Resources

1.IF I BEGIN TO FEEL SICK...

- COVID19 has very similar symptoms to the common cold, flu and other illnesses.
- If you develop symptoms (e.g. a new cough or high temperature), stay at home & contact your doctor (Your parents can ring for you).

2. I WILL CONTACT MY DOCTOR & SELF ISOLATE

- After speaking with your doctor, they will decide if you need a test.
- You should continue to stay at home during this time.

3. FOLLOWING A CALL WITH MY DOCTOR...

- If you do not need a COVID19 test, continue to stay off school & follow your doctors advice on managing your symptoms.

4. FOLLOWING A COVID19 TEST...

- If you get a COVID19 test, you may have to wait a few days to get the results.
- You should continue to stay off school during this time.

5. AFTER GETTING MY RESULTS...

- If you test positive for COVID19, the doctor will advise you how to manage your symptoms.
- You should stay off school for as long as your doctor says.
- If you test negative for COVID19 you should continue to follow your doctors advice on returning to school.

6. GOING BACK TO SCHOOL

- Following doctors advice and when you are feeling better, you can return to school.
- Don't forget to continue to wash your hands, wear your mask & socially distance from others.
