

# STEPS FOR HANDWASHING YOUR MASK

Face masks are now mandatory in school  
and should be washed every day.

1

## PREPARE BASIN OF WATER

Mix some boiling water with some cold water in a large basin or bowl.

2

## ADD SOAP OR DETERGENT

Place a small amount of washing powder into the bowl/basin  
OR  
Use a bar of soap.

3

## PUT MASK IN BASIN

Place mask into basin of water.

4

## LET MASK SOAK

Leave mask to soak for 10-15 minutes.

5

## RINSE MASK

Following soaking, take mask out and rinse under running tap.

Squeeze out any excess water.

6

## PLACE MASK OUT TO DRY

Leave mask to dry by hanging on clothes line outside or clothes horse indoors.

Don't forget to place mask back in your bag for school the next day!
